

Hello!

Thank you for your interest in Joyful Korean School (신나는한국학교). We are affiliated with Adroit College, founded to teach Korean to non-Korean and Korean-American

learners. We established Joyful Korean School (신나는한국학교) to help Korean-American children have fun while learning Korean language and culture.

Children in our program will feel that learning Korean is fun, and that our Korean school is an exciting place. With my knowledge and experiences in both Korean Language Education and Korean Language Teacher Education, Joyful Korean School (신나는한국학교) is able to provide an excellent program to our students. Our experienced and educated teachers have studied in both Korea and the US, allowing us to educate your children to become bilingual and bicultural people.

It is a tremendous effort to lead a child to the right path, so we encourage our parents to participate in their children's education. Would you like to join our teachers, who are experts in Korean Language Education in teaching your children?

Eun-Hee Koo, Ed.D.

Principal, Joyful Korean School
신나는한국학교

Our mission at Joyful Korean School (신나는한국학교) is threefold:

1. To make Korean fun

by teaching students Korean by actively participating in the class through listening, watching and feeling.

2. To spread Korean culture appreciation

Students will not only learn the language, but learn about the culture. Through a broader understanding of Korean people, they will gain a greater appreciation of the language and culture.

3. To create an interesting and exciting Korean School.

We strive to provide a stimulating curriculum and create a fun learning environment where students will feel loved and respected.

School Management

At Joyful Korean School (신나는한국학교), we strive to maintain excellence in education by:

1. Listening to parents through PTA

Parents are encouraged to become involved in our Parents Teacher Association (PTA) and share valuable feedback and suggestions with our teachers. As a joint effort, our parents and teachers can enrich the curriculum at Joyful Korean School (신나는한국학교).

2. Teacher Development & Growth

We encourage our teachers to make suggestions freely and to obtain new methods of teaching through seminars and workshops and to innovate their own teaching methodologies for our students based on best-practices.

Why Joyful Korean School? (신나는 한국학교)

Do you know why your children like computer games more than studying? The answer is simple; for most children, computer games are more interesting and fun than studying.

Joyful Korean School(신나는한국학교) wants to make learning Korean language as fun as playing computer games.

We have prepared many effective materials such as "Hangul Phonics", a computer software that aides in teaching Korean, to help students acquire Korean language skills by seeing, listening, touching and experiencing. Because of the interactive curriculum, added emphasis on Korean culture, we are able to provide an exciting learning environment for your children. Furthermore, our teachers not only have the education and experience, but also a warm heart for their students.

Tuition

Tuition:
2hrs/week, 15weeks/semester - \$300

*2nd sibling discount- \$20
*Financing options available, inquire with registrar

Date and Time

Standard classes will be offered as an afterschool program.

Fridays 4:00 p.m. – 6:00 p.m.
